

# FRACTAL EXPLORER™

An E-Z to use, entertaining fractal creation program including a flexible slideshow with dazzling color effects. No programming is required. No numbers to enter. Includes an informative and educational instruction manual.

Online help menus and prompts guide the user along the way to create and display striking fractals derived from the Mandelbrot set and the Julia set. Newly created pictures are automatically added to the FRACTAL EXPLORER Slideshow.

Single Hires Pictures are MousePaint™ compatible, Double Hires Pictures are Dazzle Draw™ compatible, and Apple IIGS pictures are Paintworks Plus™ compatible (\$C1 filetypes).

Apple IIGS® Screen Photo

## FRACTAL EXPLORER features:

- Flexible slideshow with dazzling programmable color effects. The disk comes with a slideshow DEMO
- Online HELP and prompts to guide the user, no numbers to enter, no commands to remember.
