# LUCIFER'S REVENGE

**A K-TEK™ product for APPLE II™ computer systems**

Armies of evil killer robots speed through the sky destroying everything in their path. You, and only you, in a supersonic satellite can destroy them with laser bullets. But beware of obstacles that block your shots — they can still hit you!!! As your points increase, the action gets faster and faster but the world is still in peril as the robots retaliate with guided missiles . . . so beware!

# K-TEK™

## Software

- **LOAD:** Insert the disk into the disk drive and turn the computer on. Follow the instructions in your computer manual. The screen will appear as the game is loading.
- Use the Joystick to fire laser bullets at the robots and guided missiles avoiding barriers that you can't shoot thru.
- Fire by using the fire button(s) and move your ship up and down, left and right with the joystick handle.
- The game will increase in difficulty as you deplete your fleet of 3 ships, so be fast!

**HINT:** Be ALERT and move Quickly! Watch out for robots and missiles on all sides and fire as soon as you spot them!

**REQUIREMENTS:** Apple II™ Computer, Disk Drive, Joystick & Hi-Resolution Screen.
